## T. R. ARRIVES HOME AGAIN

Battleship Fires Royal Salute as Ocean Liner Enters New York Harbor

## BIG CROWDS GREET HIM

Water Parade, Civic Reception, Processions and Other Celebrations for Him

New York, June 18.—Former President Theodore Roosevelt returned today from a trip through Africa and Europe, which began upon his leaving the White House and lasted fifteen months. The former Kaiserin Augusta Victoria, on which he sailed from England on June 10, entered New York harbor at 7 o'clock this morning and was greeted by the battleship South Carolina with the national salute of 21 guns.

At half past eight o'clock Mr. Roosevelt was transferred to the big revenue tug Manhattan where he was welcomed by a number of personal friends and relatives and Capt. Archibald Butt, representing President Taft. Shortly after this he was transferred from Manhattan to the revenue cutter which was assigned to lead the water parade with the despatch boat Dolphin up as far as 50th street North river and down to the Battery, where Mayor Gaynor waited with the city's official welcome.

Flanked by the immediate members of his family Mr. Roosevelt stood on the flying bridges of the liner, with his characteristic smile ever spreading over his tanned countenance, and with the shiny silk hat in his hand, he waved acknowledgement on all sides of him.

## FOUR BODIES ARE STILL IN RUINS

List of Dead in Montreal Herald Disaster Is Now Almost Complete

Montreal, June 18.—Men employed to help in the ruins of the Herald building were taken off last night and today a contractor engaged by the Herald company took up the search for the four bodies known to be still entombed in the wreckage. But little more can be done until some of the heavy machinery is moved and this requires facilities which they did not possess.

Of the twenty-eight bodies taken out, all have been identified and claimed with one exception, that of a man. As the bodies last taken out were not so badly decayed as those first removed it is expected that when the others are recovered it will be possible to establish the identity of this unfortunate by means of elimination.

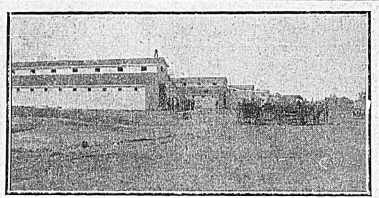

The bodies claimed yesterday were those of My Butler, René Littlejohn, Clement Bormann, leaving the four missing and the body awaiting identification. Those of John Wale, John Lavoie, John Cunningham, John Cloutier and Reuben Morrison. The funeral of ten of the victims who were members of the typographical union 176, took place today, it was a joint funeral, ten hearses being in the line.

## BOMB WAS THROWN INTO POLICE SQUAD

One Man Was Killed and Four Were Fatally Injured—The Assassin Captured

Warsaw, Russian Poland, July 18.—A bomb was exploded with fatal results in a squad of gendarmes at the Cordisk station on the Vienna Railroad, thirty miles from here today. One of the gendarmes was killed outright, four received mortal wounds and their chief was slightly injured. The bomb thrower was arrested. An attempt is made by the authorities to connect today's violence with that at Krakow when Colonel Wostarski of the gendarmes, was shot and killed by a policeman. On that occasion the assassin and his accomplice committed suicide on the spot.

Comfort and style in every hat bought at Kelly & Moore's.

A view of the cattle sheds at the exhibition park. These buildings, two and a half days. Three weeks ago none of these buildings had been erected at the rate of one every

## IMPROVEMENTS ON THE C.N.R. WILL MEAN FASTER TRAINS

Winnipeg, June 18.—The Canadian Northern Railway Company will make extensive improvements on its main line between Winnipeg and Edmonton this summer. The road will be thoroughly ballasted and relaid with eighty pound rails instead of the sixty pound rails now in use.

There are twelve steam shovels now working in the gravel pits west of Winnipeg and three more will be put to work shortly.

Heavier steel has been laid from Fort William to Winnipeg and will be continued westward with all possible speed. The improvements to the main line will permit of trains being put through with much faster speed than possible under the present conditions.

## FOUR STARTED, ONE ARRIVED

Four Families Left Germany at Same Time, But Only One Got Here

## REGULAR HANDICAP RACE

One Family Was Stopped at Antwerp, Another at Quebec, Another at Winnipeg

The god of hard luck hovered over the destinies of four German families which left the Fatherland in April for Canada's golden west. Although four families, all of which were connected, left the thriving town of Pralsen, only one succeeded in completing the journey, which soon after its commencement resolved itself into a sort of handicap race.

Twenty-five people made the start and all bore the name of Koppe. Eight kappes registered this morning at the immigration hall and one Carl Lampsvch, who accompanied them, recounted the thrilling details of the race. To begin with, one family was held back at Antwerp through sickness and it is probable that that family will abandon their original intentions. Then on arrival at Quebec another family not being able to stand the sea sickness. They are still there. That left two families to sail for the honors. Winnipeg practically saw the finish when a family of six Kappes gave up. A peculiar thing about this family and which needs explanation is that when they left Quebec it was only composed of five persons, but on their arrival at Winnipeg, and a census was taken it was found that the number was augmented by one.

## LOST EYESIGHT IN FIRE

Chatham, Ont., June 18.—In a fire that destroyed the residence of W. Bell of Turperville, his two sons narrowly escaped being burned to death and one of them was so badly burned that it is feared that his eyesight will be destroyed.

## G.T.P. WILL BUILD HOTEL AT THE PEG

President Hays Passes Through There and Makes some Interesting Announcements

Winnipeg, June 18.—That the Grand Trunk Pacific will build a mammoth hotel in Winnipeg, that the company has 12,000 freight cars with which to handle its share of this year's crop and that it was expected the transcontinental between Winnipeg and Port Arthur would be ready for the fall grain traffic were the significant statements made by Chas. M. Hays, president of the G. T. P. last night. Mr. Hays passed through the city in his private car "Canada," and was here only a few moments.

## DEADLOCK OVER MILK INSPECTOR

Commissioners Give Board of Health Authority to Make Appointment and then Talk

The appointment of a milk and dairy inspector for the city of Edmonton seems to be a matter of much labor and effort. It was expected that the formal appointment of Mr. Andrew Logan to the position would be made at yesterday afternoon's meeting of the board of commissioners, but some matter of dignity came over the commissioners to leave the matter over and to ask the medical health officer to find out whether the veterinary inspector, Dr. Shearer, was or was not willing to become inspector of dairies.

The other day when the commissioners decided to create the position of milk and dairy inspector, they sent a letter to the board of health stating that the latter had been authorized to make the appointment. Then apparently a mild effort was made to have Dr. Shearer kept in the position of veterinary inspector, with the duties of dairy and milk inspector added, for a few days later a letter was received by the board of health from the commissioners asking if Dr. Shearer was not willing to take the new job, and very evidently hinting that if he was he ought to get it.

Then at the meeting of the Board of Health the other day, it was unanimously decided not to have a vet. as dairy inspector, and Mr. Logan was recommended to the commissioners as the right man for the place. This recommendation to the commissioners was only a matter of courtesy, as the commissioners themselves had given the Board of Health the power to make appointment, but the recommendation was left over, because, as the commissioners told the Capital this morning, "Dr. Whitcomb had not answered their question as to whether Dr. Shearer was willing to take the position."

## WOMEN DROWNED IN TORONTO BAY

They Were in a Launch That Was Struck by a Big Ferry

Toronto, June 18.—A double drowning occurred in the bay last night when a gasoline launch was struck by a ferry and overturned. The victims are Mrs. Mabel Melnick, widow, aged twenty-five, of Queen and Elizabeth streets, and Miss Emma Carlow, twenty-three, her sister from Horning's Mills. The two men in the party were Reginald Cooper, 1774 Dundas street, and Frank Logan, 105 O'Hara avenue. The captain of the ferry saw the launch, and reversed the engines and the launch got across. Then, just as the ferry moved forward, the launch began to move back and was hit. The ferry crew rescued the men.

## BY-LAW VOTE ON MONDAY

Three Money Bylaws and Two Franchises Are Before the Burgesses

## THREE WORTHY OBJECTS

Hospital, Exhibition and Library Are All Well Deserving of People's Support

One hundred and seventy-five thousand dollars more for the new city hospital, \$75,000 for further improvements to the exhibition grounds and \$25,000 to purchase a site for the public library. These are the three money bylaws that the ratepayers of Edmonton are asked to pass next Monday. Then there are two franchises, one to Raymond Brutinel and the Edmonton Exhibition Railway, and the other to the Putsch Compressing company to lay gas pipes from their manufactory to the railway yards of the city.

All three of the money bylaws decrease the support of the burgesses. The \$75,000 asked for the hospital is in addition to the \$30,000 which was granted some time ago. The additional money is needed to carry out enlarged plans.

The extra \$75,000 for the exhibition park is asked because the \$75,000 raised last February has proven insufficient for the extensive building operations that are being carried on at the new park.

The \$25,000 for the public library site is to purchase the land on Church street, between the Edmonton club and the High School. An option on this land is now in the hands of the commissioners.

## Granting Franchise

The bylaws to grant franchises are numbered 279 and 283. Bylaw No. 279 is a bylaw to grant the Putsch Compressing Company, a special franchise for the supply of artificial gas for the lighting of railway coaches, by laying pipes along certain streets near the yards of the Canadian Northern.

Bylaw 283 is a bylaw to grant to Raymond Brutinel certain rights over the line of the municipal street railway and to enter into an agreement with him regarding such rights. This agreement has been under discussion for many months in the city council and has recently been greatly revised since Commissioner Bouillon came to the city.

Where Voting Will Be Held

Voting will take place from five till five o'clock on Monday and four polls will be held. No. 1.—For all of Edmonton lying west of Ninth street at No. 1128 Jasper avenue west; William C. Marshall, deputy returning officer.

No. 2.—For all of Edmonton lying between Ninth and First street at No. 427 Jasper west; Edmund Chamberlain, deputy returning officer.

No. 3.—For all of Edmonton lying east of First street and south of Clark street of the C. N. R. tracks, at 1233 Kinsinto avenue; Walter Carby, deputy returning officer.

## POWER SCHEME AT SASKATOON

That Bylaw and Several Others Were Carried in North Saskatchewan City

Saskatoon, July 18.—Twelve bylaws were carried and one defeated yesterday. The most important carried was one favoring a contract by which the Saskatchewan river will be harnessed twelve miles below the city at an estimated cost of a million dollars. It is believed that the company can develop 50,000 horse power, which will be sold at between \$30 and \$35 per horse power, allowing light and power for the city's growing industries. The other bylaws called for an expenditure of \$300,000 for improvements and for a fixed assessment of one hundred thousand dollars on the mill of the Saskatoon Milling and Elevator Company. The thirty-third bylaw, defeated, was for a grant of \$5,000 to the St. Paul's hospital.

Mr. William MacKenzie, president of the Canadian Northern Railway, will arrive in Edmonton at 3.30 this afternoon in his private car "Atikokan," over the C. N. R. He will leave again at six o'clock.

Mr. MacKenzie made a flying trip from Toronto to the coast, making only one stop, remaining in Winnipeg for an hour. After arriving in Vancouver, he crossed to Victoria and visited his coal mines and on his return to the mainland, made an inspection of the new Port Mann, situated near New Westminster.

Marriage Licenses issued. Jackson Bros., Jewellers.

The party of prominent Edmontonians who inspected the exhibition park last Wednesday afternoon. The building on the right is the Superintendent's cottage. Mr. Harcourt, deputy minister of agriculture, is seen getting a drink from the water wagon.

## COMPANY SAYS CITY MAY GO AHEAD WITH REPAIRS

Commissioner Bouillon received a telegram from the Roberts Filler Company, stating that they refused to allow the city to go ahead and make repairs to the filtration plant at the company's expense. A meeting of the commissioners will be held this afternoon at which the line of action that the city will take in the matter will be decided upon.

Commissioner Bouillon stated to a Capital reporter this morning that the city solicitor would be consulted in the matter in order to determine what legal hold the city has on the company. It may be decided to leave the matter in abeyance until further word is heard from the company, but Commissioner Bouillon rather inclines to the belief that the work of reconstructing the filtration plant ought to be proceeded with at once, as he considers that public necessity demands that the plant be put in proper working order just as soon as possible.

## ALL READY FOR HOSPITAL SUNDAY

Everything Points to Success.—St. George's and Caledonian Societies in Line

Everything is now in readiness for hospital Sunday and a successful affair is predicted. The only thing which is not definitely decided is the weather and it is to be hoped that the weather man will catch the enthusiasm and be on his best appearance. The parade will start from Jasper avenue east at 2 o'clock and if present fogs are right will be a fine spectacle. There will be no dearth of music and in the composition of the parade will be represented many institutions and societies besides a large number of public men. Should it rain the meeting will be held in the Empire Theatre instead of the ball grounds.

The members of the Royal St. George's Society are requested to assemble at the Oddfellows' Hall tomorrow afternoon at 2 o'clock in order to join in the hospital parade.

The Caledonian Society is to take part in the hospital parade tomorrow. The executive committee desire every member who can possibly do so, to attend. The members will meet at the corner of Kinsinto and Jasper at 1.30 p.m., and on such an occasion as this it is desirable that there will be a large representative gathering.

## WAS NOT BURNED

Woman Reported to Have Perished Was Only Overcome by Smoke

Port Arthur, June 18.—The reports that Mrs. Evans lost her life in the bush fires was untrue. She was overcome by smoke and is in a serious condition, but will likely recover.

## MOTHER OBJECTED VERY STRENUOUSLY

Didn't Like Her Daughter's Suit, So Brought Carving Knife Into Action

North Bay, Ont., June 18.—An Italian named Orosini is in the hospital as the result of a series of knife thrusts by Mrs. Orosini's wife of the wealthiest Italian in the district. Orosini was a tutor for the daughter of Mrs. Hellange. The latter disapproved and hearing of a threatened expedition proceeded to carve up the ardent suitor with a butcher knife. He may recover.

Marriage Licenses issued. Jackson Bros., Jewellers.

## IS COMPANY BACKING OUT?

Allis-Chalmers People Do Not Seem Anxious to Carry Out Agreement

## MAY USE STEAM ENGINE

City Commissioners May Convert the Power Plant Into a Steam Plant

Were the Allis-Chalmers people bluffing in the proposal they made to the city some time ago to install a new gas engine and producer plant in connection with the city's power house?

It would almost appear so from the way they have been evading the question since Commissioner Bouillon took up the matter with them. It will be remembered that Commissioner Bouillon looked into the matter and reported to the council that it would be a good idea to have the present gas engine put in good working order, and then also to take up the proposal of the Allis-Chalmers people and have them install new gas engines and reconstruct the producer plant.

The company offered to give a bond to the city that their engine would work all right. Mr. Bouillon, however, thought that it would be better to keep the cost of the work, \$12,000, in the hands of the city for one year after the work was completed, in order to make sure that the engine was going to work properly. In writing to the company, the commissioner suggested this course, and also pointed out that the difficulties that have been met with in the operation of the producer plant were due in a large measure to faulty design and construction of the Allis-Chalmers engine.

So far the company have made all kinds of excuses for not entering into negotiations with the city. They have written that their chief engineer is in Europe and will not be back until August. Mr. Bouillon replied that by the middle of October the plant must either be a steam or a gas plant, and that the company will have to get busy before August if they want the work of reconstruction. So far the company have not touched on what agreement they will be willing to make with the city in regard to the matter, and if they do not make some definite move pretty soon, it is altogether likely that the commissioners will break off negotiations with the company, and may possibly convert the plant into a steam power one.

## UNIONIST WAS NOT OPOSED

W. R. Champion Returned to House of Commons Without Any Contest

London, June 18.—Mr. W. R. Champion, Unionist, was returned unopposed yesterday for the seat recently vacated by the death of Colonel the Right Hon. Sir Henry Aubrey Fletcher, C.B., who won the seat in the Conservative interests at the recent general election from Mr. B. Williams, Liberal, by 4,366 majority in total poll of 13,740.

## KILLED IN RUNAWAY

Shelbourne, Ont., June 18.—John Marshall, a well-to-do and highly respected farmer living about one mile north of Shelbourne, lost his life as the result of a runaway yesterday.

## MILLION AND HALF LAST TEN YEARS

Interesting Figures of Immigration Issued by Department at Ottawa

Ottawa, June 18.—Immigration into Canada in the last ten years totals 1,435,388, according to statistics contained in a pamphlet issued by the department of Immigration. The fiscal year recently closed eclipsed all others in volume of immigration, the arrivals numbering 208,794. Of the grand total about 65,000 came from the British Isles, 62,000 from the continent and 47,000 from the United States.

NEW DISCOVERIES  
NEAR STEWART, B. C.

Town Was Deserted an Hour After the News Was Brought of the Find

Prince Rupert, June 17.—The whole district of the rich Portland Canal is stirred as never before in its brief history by the report of a rich strike a few miles out of Stewart.

This report states that a big reef mulling gold reef strike has just been made, covering an area to the extent of twenty miles.

The news of the rich find was brought to Stewart by C. M. Delgrove and Louis Anderson. It was followed by wild scenes of excitement and within an hour Stewart was depopulated.

Reports of a rich strike in the Portland Canal district have been of almost daily occurrence since its establishment as a prospecting camp, and as one by one of these have been confirmed Portland Canal has reached an enviable place in the mining world. Details of the latest reported strike, the most extensive in area yet discovered are being expected.

## SONNAMSULIST KILLED

New York, June 17.—Walking in his sleep, F. T. Broadie, a retired business man, seventy years of age, fell through an open window in his sixth floor apartment on Forty-sixth street today and was instantly killed. Relatives said that Broadie had been a sonnamsulist since childhood but had never before suffered any accident while walking in his sleep.

## SUICIDE AT NIAGARA

Niagara Falls, N.Y., June 17.—An unknown man about 35 or 40 years of age, was seen about 8:30 o'clock this morning to leap from the Great Falls bridge into the waters of the Niagara River and was immediately carried over the Falls.

EXCITING TIMES  
IN OKLAHOMA

Three Cities in Fight for New Capital and Feeling Ran High.

## SEAL REMOVED SECRETLY

Governor's Secretary Carried it Away in an Automobile Early in the Morning.

Oklahoma, Okla., June 17.—Scenes such as have not occurred in Oklahoma since the rush of the "sooters" when the land was thrown open to settlers have followed the victory of Oklahoma City in the election to decide the permanent location of the state capital.

Following are a few of the developments which followed the voting. W. B. Anthony, secretary of Gov. Haskell, in a face automobile, rode through the wall of the state from Guthrie to Oklahoma City after taking it secretly from the secretary of state's office.

Jane Haskell, daughter of the governor, was hissed and stoned in the streets of Guthrie and forced to flee in the first train because she cheered for Oklahoma City.

Citizens of Guthrie obtained a temporary injunction from the state courts against members of the state legislature to prevent the removal of the state officers. They also prepared to file suit for permanent injunction.

## Three Cities in Battle

Three cities were aspirants for the capital city. They were Oklahoma City, with 20,000 population, Guthrie and Shawnee, cities of about 20,000 population. Each town has its campaign committee and the fight has been pushed for months. The question was voted on at a special election and Oklahoma City won over Guthrie and Shawnee.

Guthrie was not willing to stand by the decision of the voters and Judge A. H. Hobson of the District Court, at application of Guthrie citizens, issued an injunction against members of the state administration to prevent the removal of state officers to Oklahoma City.

## Speedy Trip for Seal

Oklahoma City was also awake and active, and when the result of the election became known, its supporters began the moving of the capital. Possession of the state seal was the first step sought. At one o'clock in the morning an auto left Oklahoma City with one passenger, W. B. Anthony, state secretary to the governor. It is thirty-five miles from Oklahoma City to the capital, Guthrie, in less than an hour.

When he reached the outskirts of Guthrie he switched his machine, drove rapidly to the office of the secretary of state in the temporary capital, where he secured the seal.

The governor's daughter had her exciting experience in Guthrie. She and several friends, was among a crowd watching the scenes from the voting when Oklahoma City began to pull ahead. Miss Haskell, who is only seventeen years old, began to cheer. The crowd, angered at the loss of the capital, jeered and hissed, and then some threw a stone. Miss Haskell and her party fled to a hotel under a shower of missiles. Later, she slipped in a dark alley and took the first train for this town.

BATTLE RAGING IN OXFORD  
Oxford University is again quarreling about the relation of the sexes in study. A new body of control has been set up to supervise the women students but there is an active and well-organized section of university men against the innovation.

The idea of the supporters of the change is that the position of women in Oxford should be maintained. "So they protect the privileges" of the members—the vice-chancellor, the two proctors, nine members of convocation, and nine women—to look after girl undergraduates. One of the women is to be the principal of the house students and the others are to be elected.

The principal of Tennessee, a strong supporter of the change, was examined at Oxford to learn the details of the new body of control. He had been a King, a father and a traveler. We know how affectionate was the character of his late majesty, how happy the family members were and his children's children may together in the sacred privacy of family life, and we can imagine how bitter must be the grief of them all. It is a sad and indeed a painful scene that is being enacted by those who are the last departed, always soothed, and a common bond, the wounds of grief, and it is both our duty and privilege to provide our sympathy with the bereaved Queen Mother and the Royal Family. I, therefore, beg to propose.

"The Commission of the Madras Corporation in meeting assembled desire to express their deep sorrow at the death of His Most Gracious Majesty Edward VII, King-Emperor, and respectfully beg to express their heartfelt condolences to Her Majesty Queen Alexandra, His Majesty the King-Emperor, and the Royal Family, in their bereavement."

WHAT HINDOO SAID  
ABOUT EDWARD VII

Speech Made by the President of the Corporation of Madras

## SHOWS GREAT LOYALTY

And Does Not Sound a Bit Like the Much Talked of Mutiny

The following speech, made at a meeting in Madras, India, is interesting because the speaker is a well-known Hindoo. The item is clipped from the Madras Mail of May 14.

The president called upon Dewan Bahadur N. Subramanyam to propose the resolution.

Mr. N. Subramanyam's Speech.

Dewan Bahadur N. Subramanyam said:

Mr. President and Gentlemen—

The duty of proposing the resolution of our deep sorrow at the death of our late King-Emperor, and of our deep sympathy with the sorrowing members of the Royal Family has been entrusted to me by the president as being the senior member of the corporation. I am sure that many words of mine are needed to comment to you the resolution of this evening.

In common with the millions of citizens of this great and glorious Empire to which it is our privilege to belong, our hearts are today heavy with grief at the passing away of the King-Emperor, Edward VII.—grief which is all the more poignant and personal when we call to mind the keen interest and wide sympathy which his late majesty always followed the course of events in this part of his empire, and the noble and generous sentiments he entertained towards his Indian subjects and their just and reasonable aspirations. Our late King-Emperor was no mere figurehead, but a great and impressive personality, whose beneficent influence was felt not only within the limits of his Kingdom and Empire, but in European politics, while in India he was not merely Sovereign and friend, but to millions of our fellow-subjects he stood forth the embodiment of justice and sympathy.

All that has made the British name honored and revered, the thousands of homes in our great land today there is grief and gloom at the thought that the Emperor is no more, that the illustrious successor of the great Queen Victoria has been taken away, that Edward VII is gone, whom India first knew and loved, in 1875, when he came to us as the Viceroy-Prince, and who loved India, and whom India loved and revered to the end. We in this city, the first British town in India, yield to none in our sentiments of loyalty and devotion to the British throne, and it is peculiarly appropriate that we should in record the place in which our fellow citizens regard the great calamity that has overwhelmed the Empire with such ardent solicitude. And, gentlemen, I am quite sure our hearts go out in tender sympathy to the widowed Queen and the other members of the Royal Family. We can scarcely realize how great and irreparable is the loss to her who for nearly fifty years was his partner in all the joys and sorrows of an eventful life, who entered into all his pleasures and duties, and who was, even under the fiercest light that beats upon a throne, ever the ideal wife and mother and queen. We cannot easily forget the pathetic words in which our present King-Emperor said to the nation how he had loved a King, a father and a traveler. We know how affectionate was the character of his late majesty, how happy the family members were and his children's children may together in the sacred privacy of family life, and we can imagine how bitter must be the grief of them all. It is a sad and indeed a painful scene that is being enacted by those who are the last departed, always soothed, and a common bond, the wounds of grief, and it is both our duty and privilege to provide our sympathy with the bereaved Queen Mother and the Royal Family. I, therefore, beg to propose.

"The Commission of the Madras Corporation in meeting assembled desire to express their deep sorrow at the death of His Most Gracious Majesty Edward VII, King-Emperor, and respectfully beg to express their heartfelt condolences to Her Majesty Queen Alexandra, His Majesty the King-Emperor, and the Royal Family, in their bereavement."

The Honorable Mr. Theobald Chetty seconded the resolution, the commissioners, according to the president's plan, to the meeting.

Similar addresses were delivered by prominent Hindoos in other parts of India.

## AT PUTNEY.

Punch.

When eight strong fellows are out to row, With a slip of a lad to guide them, I warrant they'll meet the right ship.

Though the coach on the launch may chide them, With his "Six, get on to it! Five, you're late!" Don't hurry the slides, and use your weight!

You're bucketing. Bow, and as to Four, The sight of his shoulders makes me sore!

But Stroke has steadied his fiery men, And the bit on the boat gets stronger; And the Coxswain suddenly shouts for "Teal!" Reach out to it, longer, longer!

While the wind and the tide raced hand in hand The swing of the crew and the pace were grand; But now that the two meet face to face It's buffet and slam and a tortoise-pace.

For Hammersmith Bridge has rattled past, And oh, but the storm is humming, The turbulent white steeds gallop fast!

They're tossing their crests and cooing, It's a downright racket, gusty day, And the backs of the crew are crunched in spray.

But it's "Swing, boys, swing till you're deaf and blind, And you'll beat and baffle the raging wind!"

They have slipped through Barnes; they are round the bend;

And the chests of the eight are tightening, "Now spend your strength, if you've strength to spend, And away with your hands like lightning!"

Well rowed! and the coach is forced to cheer—"Now stick to it, all, for the post is near!"

And, lo, they stop at the coxswain's call, With his message of comfort, "Easy all!"

So here's to the sturdy undismayed Eight men who are bound together By the faith of the slide and the fading blade

And the swing and the level feather, To the deeds they do and the toil they bear; To the dauntless mind and the will that dare; And the joyous spirit that makes

them one Till the last fierce stroke of the race is done.

R. C. L.

## PRINCE HURRYING HOME

Boston, Mass., June 17.—Prince and Princess Fushimi of Japan have received dispatches and have had to cut short their visit to this country.

"Look here," drawled Farmer Rye-top, in the din of the palace train, "what do you mean by bringing me a finger bowl with rose leaves in it?"

"Why, boss, dar's de latest style," assured the waiter.

"It is, eh? Well, I thought you had cut out the regulation slices of lemon because you were afraid I would mistake it for lemonade. I ain't one of them comic-page farmers, boy."

GREAT FORTUNES  
IN CALIFORNIA OIL

More Men Have Amassed Wealth from Oil Investments than from any Other Securities

THIS advertising announcement will appear in this publication but once. It contains a message for men who have money to invest in small or large amounts, in a proposition which at the same time embraces the maximum amount of security for the money invested, and promises greater profit than any other form of investment in the Western field.

If you will take the time to review the history of the oil fields, both in the Eastern and Western portions of this Continent, you will find that the men who have amassed fortunes are the men who invested originally very small sums of money in oil shares.

Do you know that \$100 invested at the inception of many an oil company, frequently multiplied in profits and actual worth until the holding today represents from \$10,000 to \$100,000.

Take, for instance, if you had invested \$100 in the following companies on the following basis, you would have made:

Silver Tip	.....\$ 600
W. K.	.....1,000
Seaford	.....1,000
Premier	.....1,000
Monte Christo	.....1,100
Record	.....2,000
S. F. & McK.	.....2,200
Stater Drough	.....4,000
Little	.....5,000
San Jacinto	.....5,200
Peerless	.....6,000
Kara Difer	.....6,500
Central Oil	.....15,000

"Pinal" shares sold at 25 cents, are now selling at \$25, and paying monthly dividends of 15 per cent, an income of \$30 per month on an investment of \$20. When the "Silver Tip" came in, the stock jumped over night from 10 cents to \$4 and has been paying monthly dividends of 10 per cent, ever since.

Similar opportunities are open to you, but you must think for yourself, have the courage of your convictions and ACT.

Coalinga is a district situated in the State of California, which is now so generally

known as the granary producer of high-grade petroleum that it is unnecessary for us to take up much space in describing the geological conservation of the field or the actual results of operations of the many companies who control property in Coalinga.

This Company, The Coalinga-Eureka Oil Company, Inc., is a limited liability corporation, the shares of which are non-assessable, and have a par value of \$1.

As development progresses, the price of stock will naturally advance. Even now trading in Coalinga-Eureka shares is very active. The limited block to be sold at 25 cents per share should, we estimate be taken up on or before July 15th. We have therefore set this as the closing-out date for the unsold shares in this Company at 25 cents each.

This means that it will be impossible for you to buy a share in this Company at 25 cents after July 15th, 1910, and we give this notice that the price of stock will be advanced to at least 50 cents on the morning of July 15th. Should there then remain any portion of the block at 25 cents, the same will be immediately withdrawn from the market.

Stock May be Advanced  
Any Day

The Company reserves the right to advance the price of shares at any time prior

to July 15th, should the block of 100,000 shares at 25 cents be taken up in the interim.

We have recommended our most intimate friends to reserve their stock by wire, and not delay in writing by mail. On receipt of the reserve order, we will immediately set aside such stock, allowing the applicant the necessary time for the remittance to reach this office by mail.

The very fact that the stock of this Company will be sold for 50 cents on July 15th, should warrant the reader in reserving by wire as many shares as possible forthwith.

You will readily see if you purchase a block of 500 shares today, on easy terms, at the present price, 25 cents per share, you could sell one-half of your holdings when the price advances to 50 cents and thus have the other half free of cost to yourself.

The trading in the stock of this Company will naturally be more active when the price is 50 cents than at the original price, 25 cents.

There is every indication of the stock being worth and selling for \$1.00 in 90 days' time. Do not delay in making your application.

No application received for less than 200 shares.

The stock may be purchased on an all-cash basis, in which case certificates are issued at once, or on an easy payment plan, as per schedule herewith:

## WHAT YOUR MONEY WILL BUY. (Cash Plan 5% Deducted)

47.50 will buy 200 shares	par value 200	237.50 will buy 1,000 shares	par value 1,000
118.75 will buy 500 shares	par value 500		

## INSTALLMENT PLAN

20.00 cash and 15.00 a month for 2 months buys 200 shares	50.00 cash and 37.00 a month for 2 months buys 500 shares
30.00 cash and 22.50 a month for 2 months buys 300 shares	100.00 cash and 75.00 a month for 2 months buys 1,000 shares
40.00 cash and 30.00 a month for 2 months buys 400 shares	

Write for our Free Prospectus and Booklet "Fortunes from Oil"

To obtain, make your communication at once, mentioning the stock by cheque, draft or money order. Make all cheques, drafts and money orders payable to

G. L. TASCHEREAU, Trustee THE COALINGA-EUREKA OIL COMPANY, Inc.

## NORWOOD WON FROM THE S.O.E.

Score Was 1 to 0—Y.M.C.A. and Calles Meet Monday Night—Forest Scored Goal

The football match played last evening between the S. O. E. and Norwood was one of the closest and hardest fought of the season. Until five minutes before half time the two teams battled without a score. Then Forest of Norwood took full advantage of an opportunity and sent the lightning into the Sons of England net, with a lovely shot.

The second half was nip and tuck all the way, but neither team added to the score and Forest's goal won the match for Norwood. The result of this game gives the boys from Packington, a very good chance for championship of section B. The game on Monday night between Y.M.C.A. and Calles A should prove a hammer and will no doubt be witnessed by an immense crowd.

The teams last evening were: Sons of England—Goal, Jessop; Forwards, Wilson, Coates and Mayson; Halfbacks, Fisher, Critchley, Bell, Annand; Fullbacks, Jones, and Jones. Norwood—Goal, Penningback; Backs, Bisset and Colville; Halfbacks, Adams and McNorton; Forwards, McKinnon, Sinclair, Speir, Alward and Marsden.

Referee: Mr. Small.

## ATHLETES FOR THE A.A.A.W. MEET

The Committee Decided on a Few Men and the Entire Team Will Be Chosen Tonight

There was not a full attendance at the meeting last night in the Y.M.C.A., of the committee in charge of the Trials Sports, Secretary English gave a brief statement of the financial returns from the meet on Thursday last. The report showed that the meet had been a splendid success. The receipts being between \$150 and \$200. It was impossible to compile the exact figures last evening, as some of the ticket money had not been turned in to the committee. With a fair sized grant from the city council the amalgamated athletic associations of the city will be able to send a representative team to the provincial meet at Fort St. John, which will be held at 8.30 this evening in the Y.M.C.A., when all the members of the committee and the trial meet judges are asked to be present. The team will then be definitely chosen. There will be a little discussion last evening about the personnel of the team and it was pretty generally decided that the team should be made up of the following: Parney, Edouette, Williams, Dunham, McDonald, Creelock, Chalmers, and Mac. Of course there will be some more chosen, but it was the consensus of opinion that these men would be the best of the team. The men for the tug of war will be chosen by the judges, and the matches will be made up on Thursday night.

## MANY ENTRIES IN FUTURITIES

For the Edmonton Futurity of 1912, there are already fifteen entries and by September 1st at which time the entries close there will be many more.

For the Edmonton Futurity of 1913 there are already 43 entries and by September 1st that number should be doubled.

For 1914, a purse of \$3000 is guaranteed, \$1500 for trotters and \$1500 for pacers.

Below is a list of entries made to date:

Total 43

The entries for these close also on September 1, 1910.

## NEWS TO EDMONTON

Calgary has signed a good pitcher in Jack Hickey, with Vancouver last year. He will report on Saturday. He is a very good man and with a leading team last year two-thirds of his games. The batsmen against him have been very few. He is one point ahead of Chaffin the winning pitcher of Medicine Hat. He was the best pitcher in the league last year, but he wasn't very much at the bat. Calgary will probably get another pitcher and let Manning go, because he has not been doing just as he should—Alberston.

Joe Kelley, of the Toronto team, told Powers what he thought of him. He drew a \$5 fine for an unpunctuated opinion of Mr. Eckstrom would probably draw a poultice of \$100,000.

Flitcher Whisman may join the Medicine Hat team any day now.

## Y. M. C. A. AND TOFIELD

All those Edmontonians who like to see a good game of amateur baseball will have a chance, next week to realize their desire. Arrangements have been made to bring the last Tofield nine to the city. To-field have been winning games with great regularity down on the G. P. but they may run up against a snag when they meet the last Y. M. C. A. bunch at Diamond Park, next Wednesday evening.

## CARNEY WAS BROKE

Bill Carney almost got into trouble in the middle of the game when the referee received a wire from the president to collect an unpaid fee from the Calgary leader who did not want to pay at Diamond Park, next Wednesday evening.

## WILL REPORT BIG FIGHT BY WIRELESS

San Francisco, Calif., June 18.—Larry Sullivan, of Gold Field, Minn., is about to start a new one on the fight game. He will have the big battle reported by wireless, having secured permission today to erect a "station" inside the arena. The continental pitcher in the league last year, but he wasn't very much at the bat. Calgary will probably get another pitcher and let Manning go, because he has not been doing just as he should—Alberston.

Joe Kelley, of the Toronto team, told Powers what he thought of him. He drew a \$5 fine for an unpunctuated opinion of Mr. Eckstrom would probably draw a poultice of \$100,000.

## THE CHAMPION FIGHT FAN WILL TRAVEL 15,000 MILES

Has Been on his Way to 'Frisco Since March 1st—Will he be Disappointed?

(By Tip Wright)

I've talked to many an enthusiastic fight fan, and have heard of others, who seemingly deserved the palm, but I have just heard of the man who is entitled to the title of madly of all the fight bugs in the world.

This prize bug is Peter Gordon Grimes, native of Georgia, present address, Christmas Island (British) Oceania, of which I suspect on the world's map, Grimes is one of the six white men residents.

If you want to locate Christmas Island, you take a map of Oceania, and gaze along the tenth parallel, South latitude. At the angle formed by lines running 200 miles east of the northern tip of York peninsula, Australia, and 750 miles south of Singapore, you will find a dot about the size of a banana peel. It doesn't look big enough to house a nation, but it is as big as a population of 15,000 natives.

Christmas Island's nearest neighbor big enough to be charted is Batavia, on the island of Java. All around the Indian ocean monsoons whenever the moon shines is.

Having located Christmas Island, let me tell you about the man who proposes to travel the 15,000 miles, dividing the island from San Francisco, just to see, as he says, "Jim Jeffries make the yellow come up in Grimes' neck." You'll remember Grimes' neck from Georgia.

About three years ago, after a career which began in Atlanta, and spread from New York to Pittsburgh, Peter Gordon Grimes, newspaperman, with a fondness for writing sport feature stories, forsook the fourth estate and got himself a job on a ranch in Texas. Here he held forth long enough to accumulate a bank roll, and then, the Mardi Gras season being on, he pulled his freight for New Orleans.

Grimes remained in the Louisiana metropolis while the festivities were on, and then headed a party for Hamburg, where he found employment as secretary to the European manager of the American Car and Foundry Co.

From Hamburg, he went to Manchester with his employer, thence to Port Said, Cairo, Yokohama, Hongkong, and finally, Singapore. It was while in Singapore that Grimes' employer located him with a company exploring the gyron mines and rubber plantations on Christmas Island. With visions of riches to be

made, he went to the island, and found it a barren waste. He was disappointed, and returned to Singapore, where he found employment as secretary to the European manager of the American Car and Foundry Co.

### THE WEATHER

Forecast—Saskatchewan and Alberta, fine today and Sunday; warmer tomorrow.

### About Town

A party of twenty-two landowners from Wisconsin came in over the G. T. P. this week, stopping at Holden and arranging for the purchase of 2,000 acres.

A new industry has been started in Edmonton by Mr. John Grainger who has started the manufacture of cleaning and washing fluids at the corner of Fifteenth and Columbia streets.

The Camrose Canadian states that the hydro-electric company, of Edmonton, has offered to supply that town with 100 horse power at \$35 per horse power, but the Canadian goes on to point out that as this would involve an outlay of \$35,000 per year and a rate of 20 mills would give the town a revenue of only \$20,000, the proposition is hardly practically at the present time.

The search of the mounted police for the two girls, Gladys Johnson and Maggie Johnson, who disappeared so mysteriously on Tuesday night last has apparently borne fruit for this morning it was intimated that they had been located in a certain town in the vicinity of Edmonton. It is expected that they will be back in the city by night.

It was moving day down at the Legislative buildings this morning. At least it was moving day in the office occupied by Mr. Cross when he was Attorney General. All Mr. Cross' private books, pictures and papers were loaded into a rig and taken away up town.

A meeting of the Board of License Commissioners was held this morning at which the question of the licenses for hotels at Morinville, Riviere du Barre, and Athabasca Landing was considered. No final decision was reached, however, and the commissioners are meeting again this afternoon at 2 o'clock.

James Cameron, a foreman on the G. T. P., who lives in Wolf Creek, lies seriously ill at the General Hospital with a severe hemorrhage of the lungs. Yesterday afternoon while in the vicinity of the G. T. P. round-house, he collapsed on the street and Dr. A. Forin, who was in the neighborhood, was called to the man's assistance. He was at once removed to the General Hospital. Inquiry at the hospital this morning resulted in information that he was no better and that his case was critical.

The Ladies' Auxiliary of the United Aids is holding a social on Wednesday evening next at the home and grounds of Mrs. Travis Barker, on McDougall avenue, have been placed at the disposal of the Ladies Committee for the purpose of carrying into effect an enjoyable evening. Many prominent and influential citizens have signified their intention of being present. It is the intention of the Ladies Auxiliary to hold a series of similar gatherings at not very rare intervals. The Ladies Department of United Aids work is finding a great field of usefulness in that to labor. Their sympathies and activities are being felt in almost every department of the city's depressed and suffering life. These socials are entirely the spontaneous effort and voluntary labors of the ladies themselves.

Nothing guessed at here. Guessing may go in some lines of business, but not in prescription. Edmonton Drug Co.

W. C. Cowell, of the Dominion Lands office, at Red Deer, has been transferred to that at Kamloops, B. C.

Mr. and Mrs. Charles MacKellie, of Edmonton, are visiting at the home of Mr. McKellie's parents, 64 Fourth avenue west—Calgary Herald.

T. W. Lines, wife and family, returned from Southern California, on Thursday night, making a longer visit than anticipated, as Mr. Lines took the opportunity while there to look into several oil propositions, which he will submit to his London connections in July, when he intended visiting Europe.

### WILL HAVE PLANS BUT NOT MONEY

City Commissioners Discuss the Changes Required in the Isolation Hospital.

MR. McKINNON'S REPORT

It Did Not Cover the Ground Required and Was Referred Back to Him

As a result of representations made to Board of Commissioners by their meeting yesterday afternoon by the Board of Health and the Medical Association, it was decided to have plans for the remodeling of the isolation hospital prepared at once, even though the work may not be done for some time yet. The reports made to the commissioners pointed out the inadequate accommodation at the present hospital. The suspect wards have to be used as regular wards, the nurses' rooms have to be used by more than they are intended to, and generally speaking, the isolation hospital is altogether too small.

Commissioner Butchart stated that the need of the hospital was very evident, but that he considered it impossible to go to any more financial outlay this year.

A report from Building Inspector McKinnon in regard to the Cecil Hotel trouble, left the question of the claims of the contractors with the commissioners. According to Mr. McKinnon the pier that were condemned by his former assistant were capable of supporting 100 times the weight that they would have to. Mr. McKinnon's report in regard to raising the efficiency of his department did not meet with the approval of the commissioners. Mr. McKinnon, instead of reporting on what staff changes he would propose to raise the standard of his department, gave a long and detailed defence of his inactivity of the office of building inspector. The matter will be taken up further with Mr. McKinnon.

Standardization of streets, with a view to laying out the city upon a definite plan as regards boulevarding, etc., was advocated by Commissioner Bouillon and will be taken up at a later date. Classification of streets as business or residential, or intermediate between these, may be made, the intention being to beautify the city's thoroughfares as far as possible during the initial stages of development.

License fees for fruit peddling were fixed at \$10, \$20 and \$30 per annum, according to the class of wagon used by the peddlers. Ten dollars is the fee for park or basket, \$20 for one-horse team, and \$30 for two-horse team. A bylaw covering the change was carried.

A tender for the paving between the street railway tracks in Strathcona in such portions of the city as will be paved during the present season was received by Commissioner Bouillon yesterday, but not considered by the board on the ground that other competing tenders should first be obtained. The tender was that of the British

A list of ties, etc., required by the street railway extensions was received from Engineer Larned. This will be transmitted to the stores department with instructions to call for tenders. Thirteen thousand six hundred and twenty-five ties will be needed.

An invitation to Chief Davidson to attend the International Fire Chiefs' gathering at Syracuse on August 2nd-5th, was referred to the council. Chief Davidson it was stated, is desirous of attending the conference.

An application for financial assistance from an indigent patient of the new sanatorium, Gravenhurst, was received and recommended to the council with recommendation. The applicant is a sufferer from tuberculosis. He stated that \$1 or \$2 a week would relieve him of all anxiety until such time as he might be able to again support himself.

Residents and owners of property on Fourth street petitioned the commission for a grade to be constructed on their street similar to that employed on the adjoining streets. It was pointed out that Fourth street is the

only street left ungraded down the hill and the writers stated their willingness to circulate a petition in favor of the carrying out if the city would furnish them with information in regard to the cost. Commissioner Bouillon will go into the matter in conjunction with the city engineer.

### STRATHCONA WILL ISSUE DEBENTURES

They Will Cover That City's Share of the High Level Bridge

Another special meeting of the city council was held last evening to further discuss the payment of the city's share of the high level bridge. After some time it was decided to authorize the issue of debentures to the amount of \$20,000 to meet the city's share of the cost.

The contract for the sewer and water extensions for this year was given to Messrs. Hulbert and Wilson at \$12,847.50, which was the third lowest tender submitted. The lowest tender, Messrs. Graham & Stranger, was withdrawn, while the second lowest, Messrs. Giffland and Spayford, was rejected owing to the insufficient securities being forthcoming, therefore, Messrs. Hulbert & Wilson reduced their tender somewhat and were able to come to an arrangement with the council.

There was a fair attendance of residents interested in the Mill Creek high level bridge, but the subject was not discussed at all at last night's meeting.
